JEWELRY FROM THE 1869 ABBATUCCI SHIPWRECK

On May 7th, 1869, the French steamship General Abbattucci tragically sank off the coast of Corsica. The ship was carrying a precious cargo valued at several million French francs. Amongst the treasures aboard the vessel was an impressive cache of gold and gemstone jewelry, rumored to have been destined for the Vatican as a present to Pope Pius IX.

Painstakingly recovered in 1996, the jewelry and artifacts underwent a labor and time intensive cleaning process to remove the effects of 127 years spent in the depths of the sea.

First offered to the public in 1997, by Christie's (Sale 7744), the collection captures the public fascination with sunken treasure and offers the rare opportunity to own an object from this historical find.

BUCCELLATI

Opening in Milan in 1919 and then expanding to Rome and Florence, Mario Buccellati's work quickly gained acclaim amongst royalty. Four of his sons entered the business and continued the legacy. In 1951, Buccellati became the first Italian jewelry designer with a location on Fifth Avenue in New York City. Producing jewelry using a wide variety of precious materials, the firm is synonymous with class, elegance and fine craftsmanship.

BVLGARI

Hailing from Greece, Sotirios Bulgari traveled to Italy in 1880 carrying with him the silversmith art honed by his family since the Byzantine era. Opening in Naples and producing archaeological revival jewelry, he soon developed a large enough following to require larger premises and additional locations. During the early twentieth century, Sotirios's sons had a major impact on the character of Bulgari's style. From the 1920's to the 1960's, the inspiration stemmed mainly from the latest French designs and included jewelry made in the Edwardian, Deco and Retro styles. By the 1970's the focus again shifted to creating a unique style all their own and it is this desire that drives their work still today.

CARTIER

Founded in 1847 by Louis-Francois Cartier, this French house has remained at the forefront of fine jewelry generation after generation. Vastly expanding the reputation and reach of the firm were Louis-Francois' grandsons who are responsible for establishing the name as a worldwide luxury icon. Creating extravagant works for the clients ranging from the French royals to Hollywood's elite, Cartier is responsible for producing some of the most recognizable and sought after jewels known for their feminine style and timeless elegance.

HENRY DUNAY

Founding his New York based studio in 1965, Henry Dunay went on to achieve fame for first producing one-of-a-kind pave diamond designs and then transitioning to his well known collection featuring precious metals in a wide variety of meticulously crafted textures. He is renowned for creating his finest works by first finding the perfect stone and then building the piece around it.

PATEK PHILIPPE

Patek Philippe has been at the forefront of innovation in the science of timekeeping since the mid 1800's. Collected by passionate watch lovers the world over, the company has produced some of the most complicated timepieces while maintaining a classic aesthetic and superb quality.

TIFFANY & Co.

The best known jeweler in the United States and perhaps the world, Tiffany & Company has, for much of its history, exhibited the best gems from around the world and work from some of the finest jewelry designers. The reputations of such luminaries as Schlumberger, Clafin, Peretti and Cummings were forged while working for this great house. Not limited to any one genre, Tiffany has produced an astounding array of jeweled art over its history and continues forward today with their global reach.

VAN CLEEF & ARPELS

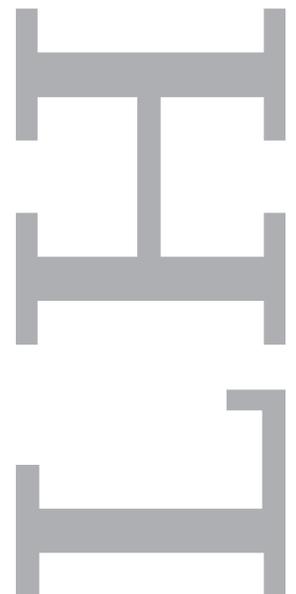

Starting with a marriage between two families both intimately involved with the jewelry arts, this Parisian firm founded in 1898 has created a unique character all its own. Its exclusive pieces have been eagerly collected by royalty and celebrity alike. Credited with many innovations in construction and design, this master jeweler is also known for having the highest standards for their gems. Only using stones of the very best quality and rarity, a jewel by Van Cleef & Arpels is viewed first as art and then accessory.

DAVID WEBB

At the tender age of 16 David Webb traveled to New York City in 1941 to start his education in jewelry. Opening his own location in 1946 with business partner Nina Silberstein, he began to produce jewelry in the bold and bright style his name became synonymous with. Known predominantly for work such as the famous bracelets designed in playful animal motifs, the firm also produces classic jewels constructed with fabulous stones and delicate details.

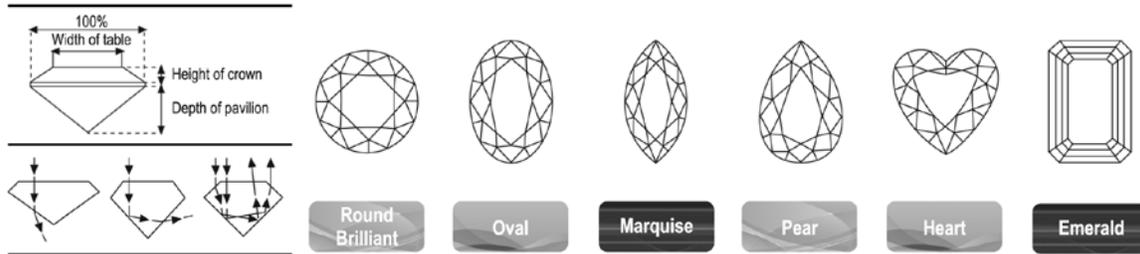

ALETTO BROTHERS

The family saga of the Aletto Brothers firm has spanned five generations and carried them far from their native Naples, Italy. However, the exquisite quality of materials and high caliber of design have remained constant. Producing innovative yet wearable jewelry from their Boca Raton, Florida location, their work continues to attract discerning collectors.

At that time, you may make an appointment to bring your property or photographs, along with any other pertinent information, to Leslie Hindman Auctioneers, Inc. and we will be happy to provide you with complimentary estimates and advice. If you have a large collection, an appointment may be made to evaluate the property on-site. Fees for on-site visits may vary.

Standard Commission Rates

Our standard rate of commission is equal to ten percent (10%) of the hammer price on each lot sold for \$5,001 or more; fifteen percent (15%) of the hammer price on each lot sold for \$2,001 or more but less than \$5,001; and twenty-five percent (25%) of the hammer price on each lot sold for \$2000 and less with a minimum commission of \$25 per lot sold. If your property fails to reach the reserve price agreed upon between you and Leslie Hindman Auctioneers, Inc., you may be obligated to pay a reduced commission rate of five percent (5%) of the reserve price.

Guide for Prospective Buyers

Conditions of Sale

Leslie Hindman Auctioneers, Inc. encourages all prospective buyers to read the Conditions of Sale printed in this catalogue.

Exhibitions

Leslie Hindman Auctioneers, Inc. recommends that all prospective buyers attend the pre-sale exhibition prior to the auction. Staff members are available at our pre-sale exhibitions to advise prospective buyers on particular objects or on any aspect of the bidding process.

Estimates

Leslie Hindman Auctioneers, Inc. provides catalogue descriptions and pre-auction estimates for each lot included in the sale. These estimates are a guide for prospective bidders. They are not definitive. All pre-sale estimates are subject to revision.

Condition Reports

We are happy to provide a condition report for lots with a low estimate of \$300 and above. Nevertheless, intending buyers are reminded that condition reports are statements of our opinion only, and that each lot is sold "AS IS," per our Conditions of Sale, as outlined in the back of this catalogue. All lots should be viewed personally by prospective buyers or their agents to evaluate the condition of the property offered for sale due to the highly subjective nature of condition reports.

Bidding at Auction

The highest bidder acknowledged by the auctioneer will be the purchaser. In addition to the hammer price, the buyer agrees to pay Leslie Hindman Auctioneers, Inc. a buyer's premium as well as any applicable taxes.

Bidding generally opens at half the low estimate and advances in the following order, although the auctioneer may vary the bidding increments during the course of the auction.

The normal bidding increments are:

\$0-\$200	\$10
\$200-\$500	\$25
\$500-\$1,000	\$50
\$1,000-\$2,000	\$100

\$20,000-\$50,000	\$2,000
\$50,000-\$100,000	\$5,000
\$100,000-\$200,000	\$10,000
Over \$200,000	Auctioneer's discretion

Conditions of Sale

LESLIE HINDMAN AUCTIONEERS, INC. AS AGENT

The lots listed in this catalogue will be offered by Leslie Hindman Auctioneers, Inc. as owner or as agent for consignor(s) subject to the following terms and conditions. **By bidding at auction you agree to be bound by these Conditions of Sale.**

BEFORE THE SALE

Prospective buyers are strongly advised to personally examine any property in which they are interested before the auction takes place. Condition reports are usually available on request, on lots with a low estimate of \$300 and above. All lots are sold "AS IS" and without recourse and neither Leslie Hindman Auctioneers, Inc. nor its consignor(s) makes any warranties or representations, express or implied with respect to such lots. Neither Leslie Hindman Auctioneers, Inc. nor its consignor(s) makes any express or implied warranty or representation of any kind or nature with respect to merchantability, fitness for purpose, correctness of the catalogue or other description of the physical condition, size, quality, rarity, importance, medium, material, genuineness, attribution, provenance, period, culture, source, origin, exhibitions, literature or historical significance of any lot sold. The absence of any reference to the condition of a lot does not imply that the lot is in perfect condition or completely free from wear and tear, imperfections or the effects of aging. No statement, whether written or oral, and whether made in the catalogue, or in supplements to the catalogue, an advertisement, a bill of sale, a salesroom posting or announcement, the remarks of an auctioneer, or otherwise, shall be deemed to create any warranty, representation or assumption of liability. Leslie Hindman Auctioneers, Inc. and its consignor(s) make no warranty or representation, express or implied, that the purchaser will acquire any copyright or reproduction rights to any lot sold. Leslie Hindman Auctioneers Inc. expressly reserves the right to reproduce any image of the lots sold in the catalogue.

AT THE SALE

Refusal of Admission

Leslie Hindman Auctioneers, Inc. has the right, at our complete discretion, to refuse admission to the premises or participation in any auction and to reject any bid.

Registration before Bidding

A prospective buyer must complete and sign a registration form and provide identification before bidding. We may require bank or other financial references.

Bidding as Principal

When making a bid, a bidder is accepting personal liability to pay the purchase price, including the buyer's premium, all applicable taxes and all other applicable charges, unless it has been explicitly agreed upon in writing with Leslie Hindman Auctioneers, Inc. before the commencement of the sale that the bidder is acting as agent on behalf of an identified third party acceptable to Leslie Hindman Auctioneers, Inc., and that Leslie Hindman Auctioneers, Inc. will only look to the principal for payment.

Absentee Bids

We will use reasonable efforts to carry out written bids given to us at least 24 hours prior to the sale for the convenience of clients who are not present at the auction in person, by an agent or by telephone. Bids must be placed in U.S. dollars. If we receive written bids on a particular lot for identical amounts, and these are the highest bids on the lot at the auction, it will be sold to the person whose written bid was received and accepted first. Execution of written bids is a free service undertaken subject to other commitments at the time of the sale and we do not accept liability for failing to execute a written bid or for errors and omissions in connection with the written bid.

Telephone Bids

On lots with a low estimate of \$300 and above and if a prospective buyer makes arrangements with us prior to the commencement of the sale we will use reasonable efforts to contact them to enable them to participate in the bidding by telephone and we do not accept liability for failure to do so or for errors and omissions in connection with telephone bidding.

Online Bids

We will use reasonable efforts to carry out online bids and do not accept liability for equipment failure, inability to access the Internet or software malfunctions related to the execution of online bids.

Reserves

Some lots in the sale are subject to a reserve which is the confidential minimum price below which such lot will not be sold. The reserve will not exceed the low estimate of the lot. Reserves are agreed upon with consignors or, in the absence thereof, the absolute discretion of Leslie Hindman Auctioneers, Inc. The auctioneer may open the bidding on any lot below the reserve by placing a bid on behalf of the seller. The auctioneer may continue to bid on behalf of the seller up to the amount of the reserve, either by placing consecutive bids or by placing bids in response to other bidders. With respect to lots that are offered without reserve, unless there are already competing bids, the auctioneer, in his or her discretion, will generally open the bidding at half of the low estimate for the lot. In the absence of a bid at that level, the auctioneer may proceed backwards at his or her discretion until a bid is recognized, and then continue up from that amount.

Auctioneer's Discretion

The auctioneer has the right at his or her absolute and sole discretion to refuse any bid, to advance the bidding in such a manner as he or she may decide, to withdraw any lot, and in the case of error or dispute, and whether during or after the sale, to determine the successful bidder, to continue the bidding, to cancel the sale or to reoffer and resell the item in dispute. If any dispute arises after the sale, our sale record is conclusive.

Successful Bid

The highest bidder acknowledged by the auctioneer will be the purchaser. In the case of a tie bid, the winning bidder will be determined by the auctioneer at his or her sole discretion. In the event of a dispute between bidders, the auctioneer has final discretion to determine the successful bidder or to reoffer the lot in dispute. If any dispute arises after the sale, the Leslie Hindman Auctioneers, Inc. sale record shall be conclusive. Title passes upon the fall of the auctioneer's hammer to the highest acknowledged bidder subject to the Conditions of Sale set forth herein, and the bidder assumes full risk and responsibility.

For property that is not picked up after thirty (30) calendar days, an additional administration fee of \$75 will be charged. Property which is paid for but left on our premises for any reason in excess of sixty (60) calendar days is subject to sale by us with the balance of any funds recovered in excess of storage charges and any other fees being remitted to you.
